Invest in Your People and Your Business with Concierge Health Benefits

Introducing Comprehensive Health Solutions from Exponential Health: An alternative Employer Health System

At Exponential Health, we go beyond traditional healthcare to offer an innovative alternative employer health system designed to support your entire workforce. Our comprehensive solutions include Concierge Memberships, Exponential Signature Physicals, Direct Primary Care, and Specialty Services—all tailored to meet the unique needs of your team.

By prioritizing proactive, personalized care, we empower your employees to achieve better health, boost productivity, and reduce overall healthcare costs. With our seamless, white-glove approach, your organization gains a competitive edge through a healthier, more engaged workforce. Experience the future of workplace healthcare with Exponential Health.

CONCIERGE MEMBERSHIP

Provide your employees with an annual membership that establishes their primary care relationship, offering personalized, premium healthcare. With prioritized access to physicians, care navigation, same-day appointments, and a focus on prevention, this membership ensures proactive, high-quality care, helping your team reach and maintain their health and productivity throughout the year.

EXPONENTIAL SIGNATURE PHYSICALS

Offer a one-time, comprehensive health assessment designed to proactively uncover potential health risks. This in-depth evaluation includes advanced screenings, diagnostic testing, and personalized recommendations, helping individuals stay ahead of their health, without establishing ongoing primary care.

* Our Exponential Signature Physicals provide the same comprehensive care as traditional "Executive Physicals," but the name reflects our focus on unique personalization and accessibility.

TOP PICK COMBINATION!

DIRECT PRIMARY CARE (DPC)

Simplify healthcare with a direct, subscription-based model that removes insurance barriers. Employees gain unlimited access to primary care services, same-day visits, and ongoing health management, all for a predictable monthly fee.

SPECIALTY CARE

Ensure your employees have access to a network of specialized medical services, including pain management, mental health, gynecology, and urology. These expert services are available for a separate fee, seamlessly integrated into their healthcare plan to provide comprehensive care when needed.

Your Investment:

We offer flexible payment options that include the following:

1. Full Corporate Membership:
Annual fee per member, no co-pays, discounted rates for spouses.

2. Shared-Cost Membership: Employer and employee split the annual fee.

> **Most Health Savings Accounts (HSAs) cover the annual membership cost for Exponential Health, making our comprehensive executive health benefits an even more accessible and valuable investment for your employees' well-being.**

For new employer groups signing up and paying for 10 or more members (excluding dependents), we offer a one-time membership fee discount available for both employees and their spouse/partner.

Exponential Health can help:

Our Concierge Health and Wellness Practice ensures your team is always at their best by anticipating and addressing potential health issues before they arise. Prioritizing health early on is crucial for long-term wellness, helping minimize and manage the impact of illness and injury as they age. Our proactive approach keeps your employees in peak condition, ensuring they maintain their vitality and productivity well into their later years. Invest in their health today for a healthier and more resilient tomorrow.

Key Benefits:

Cost Savings

Utilizing primary care reduces medical expenses by 40%. Preventive care can save up to 900% on medical costs compared to reactive medicine.

Productivity

Improved employee health can boost productivity by 25% and significantly reduce absenteeism, which costs the U.S. economy $575 billion annually.

Financial Impact

Wellness programs offer high ROI, with every dollar spent saving $3.27 in medical costs and $2.73 in absenteeism. Ensuring executive health helps retain top talent, avoiding costly turnover.

Competitive Edge

Comprehensive health benefits attract and retain talent. 75% of employees stay for benefits, and 80% would accept lower pay for better health benefits.

Preventive Care Savings

Chronic diseases account for 75% of healthcare spending. Preventive measures lead to substantial savings and fewer emergency room visits.

Executive Performance

Good health boosts cognitive performance and stress management, essential for high-stakes decision-making roles.

What You Don't Know Can Hurt You!

We take a proactive approach in helping keep you healthy and optimizing your life's wellness. By using the latest in testing, imaging, genetics and food science, we can do our best to help individuals reach their optimal health.

> **With a limited panel size, each of our physicians can focus the time necessary with everyone to truly provide personalized care.**

Each of our physicians only accepts around 10% of the number of patients compared to a typical primary care office. This ensures more personalized and attentive care for every member.
